TLC TELECOMUNICAZIONI

Your Partner for Telecommunications Excellence

Tailor-Made Internet and Telephony

Who We Are

National Telecommunications Operator founded in 2005 by Giuseppe Del Prete (CEO)

With 20 years of experience, we specialize in providing customized connectivity and telephony solutions to medium-large enterprises and partners.

Our distinctive approach focuses on tailored solutions designed specifically for each client's unique needs, delivering premium telecommunications services with exceptional quality and exclusive customer support.

Territory: Services currently available throughout Italy

Our Core Tailored Solutions

- Custom-Designed Dedicated Fiber Optic connectivity
- Tailor-Made Cloud PBX systems
- Advanced VoIP telephony services
- Network infrastructure customization (including fiber deployment and on-site works)

Everything is designed and built specifically for your business needs.

Our Distribution Channels

RETAIL Direct acquisition and through our partner network of 150+ System Integrators and IT-ICT consultants across Italy

WHOLESALE Dedicated channel for ISP, WISP partners and resellers with turnkey telecommunications solutions

Why Choose Us

- Networks: Strategic partnerships with Italy's largest telecommunications infrastructures
- Customer Care: Qualified team, no long wait times, immediate support
- Human Connection: We put communication first and create value through knowledge, innovation, and evolution

Quality First - Everything Tailored - Nationwide Coverage
